

RALLY 4 LIFE

Dear Friends and Colleagues,

Running an event that has to do with cars so that I can benefit a charity that I believe in is one of the best feelings I have ever had.

At 23 years old, I have never done anything like this and know that only with the help of the members of my community am I going to be able to make **Rally 4 Life** a memorable experience for all those who participate.

This year, the **Rally 4 Life** will benefit the Quest Autism Foundation. There is now a national crisis in services to adults with developmental disabilities and vocational services, especially to those with autism. The most critical issue is woefully inadequate funding. Many of these young adults graduating from federally/locally funded K-12 school programs are now sitting at home, waiting for something and doing nothing. Many more will follow. This wonderful organization raises money year-round to support programs that benefit adults with autism over their lifespan.

I look forward to the first year of this event and hope that we can set the stage for many years to come. Thank you for your consideration in supporting the **Rally 4 Life**.

Sincerely,

Jeremy Raffer
